Dear Pastor [Name] and Members of the Church Board,

I am writing to request your prayerful consideration of assisting me as I attend the Toledo School of Ministry.

I believe God is calling me to grow in my understanding of Scripture, deepen my relationship with Jesus, and become better equipped to serve His Church. After prayer and consideration, I believe the Toledo School of Ministry is an important next step in my spiritual formation and ministry development.

The Toledo School of Ministry exists to equip disciples, deploy effective leaders, and advance the Kingdom of God through biblical training and Spirit-empowered ministry. Its programs combine biblical education, spiritual formation, mentorship, and practical ministry experience within the context of the local church.

Through this training, I will study subjects such as biblical theology, hermeneutics, discipleship, leadership, prayer, evangelism, and practical ministry. My desire is not simply to gain more information, but to become a more faithful disciple of Jesus who is prepared to serve others and strengthen the local church.

The total cost of my program is approximately \$[amount]. I am personally committed to contributing toward my education, but I am asking whether [Church Name] would consider partnering with me through financial assistance.

Possible forms of support could include:

- A one-time contribution toward tuition
- Monthly financial support during the school year
- Assistance with books or curriculum expenses
- A partial or full scholarship
- Prayer, encouragement, and pastoral mentorship throughout the program

Any level of assistance would be deeply appreciated. I understand that the church has many responsibilities and financial commitments, and I am grateful simply for your willingness to prayerfully consider this request.

If the church is able to assist me, I will seek to honor that investment through faithful attendance, responsible stewardship, continued service, and a commitment to use what I learn to strengthen the ministry of the local church.

Thank you for believing in my calling and considering an investment in my spiritual and ministry development. I would be glad to meet with you, answer any questions, or provide additional information about the Toledo School of Ministry.

With gratitude,

[Student Name]
